

**SA VAN CONVERSION PTY LTD** is totally committed to the principles and practice of excellence and will always conform to the requirements of ISO 9001:2015 Quality Management System Standard. As leadership we have reviewed our operations and as such we have determined the scope of the quality management system that includes all activities and process relating to the company and is summarised as follows:

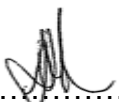

**“Conversion of Panel Van to Custom Build Conversion and Specialised Vehicles”**

**SA VAN CONVERSION PTY LTD** is committed to:

- Determine, monitor, and review internal and external issues, relevant to the purpose and context of the business and its strategic direction, that affect the ability of the QMS to achieve its intended results.
- Work closely with our customers and external providers including interested parties to achieve our business objectives.
- Promoting the use of a process approach and risk-based thinking; resulting in all processes being established, documented, resourced appropriately, monitored, and measured to ensure conformance to intended results.
- Putting measures in place to prevent, control and investigate incidents, including workplace injuries, welfare, and ill health incidents.
- Monitoring and measuring performance and communicate the results.
- Reviewing this policy annually to ensure its suitability or upon the introduction of new processes, procedure, raw materials, statutory legislation, approved codes of practise and customer requirements.
- Satisfying applicable requirements by ensuring that those associated with interested parties, statutory and regulatory requirements are determined and consistently met.

This quality policy will be communicated to all employees and organisations working for or on our behalf. Employees and other organisations are expected to co-operate and assist in the implementation of this quality policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.

This quality policy will be reviewed annually and where deemed necessary will be amended and re-issued and shall be available to relevant interested parties, upon reasonable request.
